Limited warranty - defective products must be returned in original packaging - please add a copy of the original purchasing invoice showing the purchasing date and a detailed description of the failure. Failure caused by overload, misuse or by using the product for competition purpose are not covered by the warranty.

We reserve the right to make needed change or improvement to the product without informing customer about this in advance.

Federal Communications Commission Requirements

The equipment has been tested and found to comply with the limits for Class B Digital Device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instruction, may cause harmful interference to radio communication. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

THE CHANGES OR MODIFICATIONS NOT EXPRESSLY APPROVED BY THE PARTY RESPONSIBLE FOR COMPLIANCE COULD VOID THE USER'S AUTHORITY TO OPERATE THE EQUIPMENT.

The device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) The device may not cause harmful interference, and receiver.
- (2) The device must accept any interference received, including interference that may cause undesired operation.

DO NOT USE HEADPHONES WHILE DRIVING

Important: In some areas it is unlawful to operate a vehicle, motorcycle, or bicycle while the operator is wearing one or more earphones attached to an audio device. Laws vary as to specific restrictions. Check the laws and regulations on the use of mobile devices, audio devices, and their accessories in the areas where you drive. Stop listening to your headphones if you find them disruptive or distracting while operating any type of vehicle or performing any other activity that requires your full attention.
